Together in Love, Faith & Guidance

MESSAGE FROM THE

RECTOR & DIRECTOR

The best gift
you can give your
child is your
TIME, LOVE & PRESENCE.

Message to Parents: "Dad and Me – Mom and Me"

A Salesian Perspective on Parenting

Dear Respected Parents,

A warm and heartfelt greeting to each one of you.

Today, as we reflect on the beautiful themes "Dad and Me" and "Mom and Me," we celebrate not just the relationship between parents and children but the sacred vocation of parenthood. Every child receives many gifts in life, but the greatest gifts God has given them are a **loving father** and a **caring mother**.

♥ In today's fast-paced world, parents work tirelessly to provide the best education, comfortable homes, and a secure future for their children. These are important. However, children often desire something even more valuable—your **time, your attention, your affection, and your presence**.

♥ Children may not always remember the toys you bought or the money you spent, but they will always remember whether you **listened to them, encouraged them, prayed with them, and stood beside them** during their struggles.

Rector and Director

Gopu Peter Reddy

DAD AND ME

A father is more than the provider of the family. He is the first model of strength, responsibility, honesty, and integrity.

- A child learns courage by watching his father face difficulties.
- A child learns respect by observing how his father treats his mother and other people.
- A child learns discipline not merely from correction but from the father's own example.

♥ Your children are not asking you to be perfect. They are asking you to be present.

Sometimes the most meaningful conversation happens while walking together, sharing a meal, playing a game, or simply listening without judging. One hour spent with your child can be more valuable than many expensive gifts.

MOM AND ME

A mother's love is one of the closest reflections of God's unconditional love.

- A mother teaches kindness before words are spoken.
- She teaches forgiveness before children understand its meaning.
- She teaches faith by praying with her children and for her children.

♥ Many successful people attribute their achievements not merely to intelligence but to the prayers, sacrifices, and encouragement of their mothers.

Behind every confident child is often a mother who believed in them long before anyone else did.

THE SALESIAN PERSPECTIVE

As members of the Don Bosco family, we believe that education is much more than academic success.

St. John Bosco often said:

"Education is a matter of the heart."

He also reminded educators:

"It is not enough to love the young; they must know that they are loved."

This wisdom applies first to parents.

- ♥ Your children should never have to guess whether you love them.
- ♥ They should experience your love every day through your words, your patience, your encouragement, and your availability.

DON BOSCO BUILT HIS EDUCATIONAL SYSTEM ON THREE SIMPLE PILLARS:

"Let us love the young, and they will love us."
— Don Bosco

1

REASON

Guide children with understanding rather than fear.
Help them understand why something is right or wrong instead of simply demanding obedience.

2

RELIGION

The family is the first school of faith.
♥ Pray together.
♥ Read the Word of God together.
♥ Teach children that success without God is incomplete.

3

LOVING-KINDNESS

Children flourish where they feel accepted. Correct them when necessary, but never stop encouraging them. Don Bosco believed that love opens hearts more effectively than punishment. When children know they are loved, they become more willing to listen, trust, and grow.

OUR PRESENT CHALLENGE

Today's children are growing up in a digital world. They have thousands of online friends but sometimes very few meaningful conversations with their parents. Technology connects devices but cannot replace relationships.

- ♥ No mobile phone can replace a father's embrace.
- ♥ No social media platform can replace a mother's comforting words.
- ♥ The greatest danger today is not only bad influences but emotional distance within families.

LET US BUILD FAMILY MOMENTS

Simple habits build strong families:

- ✓ Eat at least one meal together every day.
- ✓ Pray together every evening.
- ✓ Listen before giving advice.
- ✓ Appreciate your children's efforts more than only their achievements.
- ✓ Celebrate small successes.
- ✓ Teach them to serve others.
- ✓ Let them see forgiveness practiced at home.

CONCLUSION

Dear parents,
Your children may one day forget many lessons they learned in school, but they will never forget how you made them feel.

Be the father whose integrity inspires.

Be the mother whose love strengthens.

FROM THE

PRINCIPAL'S DESK

Nurturing Purpose-Driven Leaders

DON BOSCO
A LEGACY OF LOVE
A FUTURE OF HOPE

Dear Don Bosco Family,

Education is far more than the mastery of textbooks or the pursuit of academic metrics. In today's rapidly evolving world, true education must transcend classroom walls. At Don Bosco High School, our core mandate goes beyond academic rigor—it is to foster holistic character development, cultivate empathy, and empower genuine student agency.

Our recent Investiture Ceremony for the Academic Year 2026-2027 stood as a testament to this philosophy. It was a momentous milestone where we officially passed the torch of responsibility, trust, and loving service to our young leaders. Guided by the vision of Don Bosco and the steady leadership of our Rector & Director, **Rev. Fr. Gopu Peter Reddy**, our school continues to flourish as a vibrant home that welcomes, educates, and elevates every single child.

THE PRINCIPLES OF AUTHENTIC LEADERSHIP

To our newly invested Student Cabinet and House Leaders, leadership is not merely a title conferred upon you or a badge pinned to a lapel. It is an active calling defined by three principles of leadership:

ACTION OVER POSITION:

Leadership is an arena of action—tempered through humble service, unwavering resilience, and consistent accountability.

LEADING BY EXAMPLE:

The timeless truth remains that actions speak louder than words. Your peers will not follow what you preach; they will mirror what you practice every day.

BUILDING BRIDGES WITH EMPATHY:

True leaders act as bridge-builders within our school culture. When challenges arise, view them not as obstacles, but as catalysts for active listening, creative problem-solving, and adaptive leadership.

“A great leader does not create followers—they create more leaders.”

A SHARED JOURNEY

To our dear parents, we extend our heartfelt gratitude for entrusting us with your children and for walking shoulder-to-shoulder with us in this transformative journey. Your continuous partnership forms the bedrock upon which these young leaders grow, learn, and thrive.

As we step confidently into this new academic year, I proudly affirm the appointment of our Student Cabinet and House Leaders. **Wear your sashes with dignity, carry your badges with pride, serve your community with integrity, and illuminate the path forward for everyone around you!**

TOGETHER, WE LEAD • TOGETHER, WE SUCCEED

VIRTUE KNOWLEDGE EXCELLENCE

Letter from the Editor

To the Dreamers, Thinkers, Creators, and Leaders of Tomorrow,

Every new beginning starts with a spark of curiosity, every great achievement with a single step, and every unforgettable journey is written one page at a time... with immense pride and heartfelt joy that we present this year's edition of our school magazine—a celebration of imagination, perseverance, learning, and excellence.

This magazine is more than a collection of articles and photographs; it is the heartbeat of our school. It captures the voices of young minds, the colours of creativity, the spirit of teamwork, and the countless moments that have shaped our journey throughout the year. Within these pages lie stories of courage, poems of hope, artistic expressions, academic accomplishments, sporting triumphs, and memories that will inspire us for years to come.

Education is not merely about acquiring knowledge; it is about nurturing character, igniting curiosity, embracing challenges, and discovering the limitless potential within each individual. Every contribution in this magazine reflects these ideals and stands as a testament to the dedication of our students, the unwavering commitment of our teachers, the encouragement of our parents, and the visionary leadership of our school.

This publication is the result of collective passion, creativity, and teamwork. I extend my heartfelt gratitude to our respected Principal, the management, our devoted teachers, enthusiastic students, supportive parents, and every contributor whose efforts have transformed these pages into a lasting treasure of memories and achievements.

As you journey through this edition, may every page inspire you to dream with courage, learn with purpose, lead with compassion, and believe in the extraordinary possibilities that lie ahead. Let this magazine remind us that every idea has the power to create change, every effort shapes success, and every learner carries within them the promise of a brighter tomorrow.

May this edition fill your heart with pride, your mind with inspiration, and your spirit with the confidence to continue striving for excellence.

Happy Reading!

With warm wishes,

Editor

our pollinators

♥ Small Bees, Big Impact! ♥

IMPORTANCE OF BEEES

- Bees help pollinate flowers, fruits and vegetables.
- They help plants grow and provide food for us and many animals.
- Bees make honey, beeswax and other useful products.
- Healthy bees = Healthy planet!

KEY HIGHLIGHTS

- Bees live in colonies called hives.
- Each bee has a special role: Queen, Workers, Drones.
- Bees communicate by dancing!
- They collect nectar and make honey.
- Bees work together for their hive and our future.

AMAZING BEE FACTS

- A honeybee visits about 50-100 flowers on one trip!
- Bees can fly up to 15 miles (24 km) to find food.
- There are over 20,000 species of bees in the world!
- Bees have 5 eyes and can see ultraviolet light!
- Honey never spoils! Archaeologists found edible honey in Egyptian tombs that are over 3,000 years old!

HOW WE CAN HELP BEEES

- ✓ Plant native flowers and trees.
- ✓ Provide clean water.
- ✓ Avoid using harmful pesticides.
- ✓ Leave some wild spaces for bees.
- ✓ Spread awareness and be a bee friend!

LET'S LOVE,
PROTECT AND
SAVE OUR BEEES!

Together, we can make
a buzz-worthy difference!

Remember:

When we protect bees,
we protect our food,
our flowers and
our future!

Moments that Inspire
Minds for Life

A school library is the cornerstone of intellectual growth and personal development. It is a sanctuary of knowledge where curiosity blossoms into wisdom and imagination knows no limits.

Every book offers an opportunity to explore new ideas, cultures, and perspectives, enriching students' minds beyond the boundaries of the classroom.

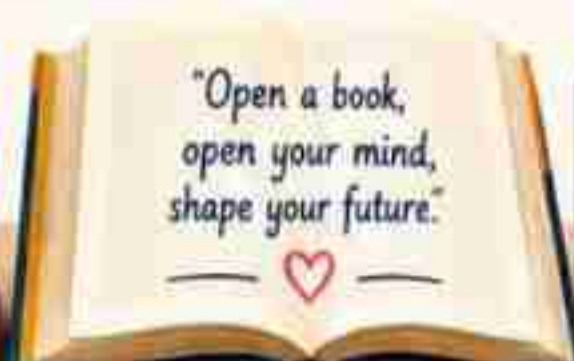

The library cultivates critical thinking, creativity, and effective communication while fostering essential values such as discipline, empathy, and perseverance.

By encouraging independent learning and a lifelong passion for reading, a school library empowers students to become confident, knowledgeable, and responsible individuals,

preparing them to meet the challenges of an ever-evolving world with insight and determination.

A BOOK TODAY IS, A LEADER TOMORROW

“A reader lives a thousand lives before they die. The one who never reads lives only one.”

Every time a child opens a book, a new adventure begins. One page may take them to a magical forest, another to the depths of the ocean, and the next to the inspiring stories of great leaders and scientists. Books have the incredible power to spark curiosity, fuel imagination, and shape young minds.

As a teacher, I witness this transformation every day. A hesitant reader slowly becomes a confident speaker. A child who once struggled to express ideas begins writing beautiful stories. Reading is not just about recognizing words—it is about **discovering ideas, building confidence, and finding one's own voice.**

In today's fast-paced digital world, books remain a child's best companion. Just **20 minutes of reading each day** can strengthen vocabulary, improve communication skills, enhance creativity, and develop critical thinking. More importantly, it nurtures empathy by allowing children to see the world through different perspectives.

Parents and teachers together can create a **culture of reading.** A bedtime story, a visit to the library, or simply discussing a favourite book can inspire children to become lifelong learners.

Let us remember that every great dream begins with a curious mind, and every curious mind grows through reading. Today's young readers are tomorrow's **confident leaders, thoughtful citizens, and compassionate human beings.**
